SUPPLEMENT

This document is hereby regraded  
 CONFIDENTIAL in accordance with the  
 order of 13 October 1958 from the  
 to the

1. The "Red October" factory located on the banks of the Volga 4 km north of the center of Stalingrad has almost completely resumed production. About 6,000 workers are employed at the factory, which is now producing tanks and tractors, the former being produced in large numbers.
2. On the banks of the Volga about 12 km south of the center of Stalingrad there is a large munitions factory where approximately 2,500 workers are employed. This factory has resumed full production.
3. Two kilometers south of the factory mentioned under two, there is a tractor factory where about 1,800 persons are employed. (Washington Comment: These plants have been identified in earlier reports).
4. About 25,000 workers employed in the factories of Stalingrad are PW's or political internees.
